

Club Presidents:

As we all know this election year is of great importance not only Nationally but at our Statewide level as well. TFRW has teamed up with Texas Victory www.texasvictory.org and pledged our support to them in helping get our Republicans elected!

A line of communication has been developed by TFRW and Texas Victory to deliver information in a timely manner to our Republican Women clubs. Exciting things are happening already and we want to keep you and your members informed all along the way.

We are asking each club to designate a Liaison to be the point person to receive and distribute Texas Victory information to their respective membership. Your Liaison can be one of your elected officers or committee chairs or maybe a member with no assigned job. We hope you will choose to participate and later today you will receive information about a General Election Competition sponsored by Lieutenant Governor David Dewhurst. As part of the Competition you can receive bonus points for appointing a Texas Victory liaison.

Your Texas Victory liaison has a TFRW point person, Casey Martin cmartin9@marykay.com. Please email her with the name and contact info of the person your club appoints to this very important position. Some clubs have already appointed their Liaison and we thank you!

You all are the heart of the Party and your work for Republicans, Republican causes and our Federation is to be commended.

Thank you,

TFRW Victory 2008
Regions I, II, IV, VI, VII, VIII, X
