

Leaders:

This is the time to **WORK** as hard as we have ever worked before. I know we're tired BUT November 4th is days away and I'm asking you to pull from within to give it your all. Senator John McCain and Governor Sarah Palin along with all republican candidates are putting in an incredible amount of time to get elected and they need **YOU**.

Let's show all our republican candidates especially in Harris County we're ready to volunteer even more hours than ever before. The "**TFRW ELECTION GUARD**" has been called to **ACTIVE** duty October 15th to 19th being deployed to Harris County. If you're interested in helping outside your county for a day, two or all 5 days click here [www.tfrw.org/newsletters/10October_2008/\(6a\)TFRW_election_guard_reg-form.pdf](http://www.tfrw.org/newsletters/10October_2008/(6a)TFRW_election_guard_reg-form.pdf) to sign up.

TALKING POINTS FOR JOHN McCAIN

The hot topic on every one's mind is **ECONOMICS**. There are many sources to pull from, to name a few – www.nfrw.org – www.johnmccain.com – www.rnc.org – www.gop.com/pinkelephants.htm. Make sure when you write or talk about issues have your facts correct.

Denise McNamara wrote an article that is perfect for this month's talking points (see article). Fox News is bringing this forth but what about the other stations. As Denise said, Senator McCain got it right before and will continue to get it right. Use this article or any talking point to write a letter to the editor or call a radio station.

WORK, WORK and WORK more – I thank you in advance for ALL your work. This is why we will celebrate in November.
