

CAMPAIGN ACTIVITIES

Fellow Republican Women, we have much to be thankful for! The future of our party is looking brighter than ever, and we must now get out and campaign whole-heartedly for all our candidates, full speed ahead to November 4. Many of you are already doing just that, and now I need you to report your campaign hours to your club's Campaign Activities chairman, so that she can report those activities to me. That way, your club will get the credit its members are earning, along with the satisfaction of working in this historic election.

Our Get Out The Vote workshops are going well, and we have two, and possibly more, coming up. The level of enthusiasm and support for Republicans has risen exponentially since Governor Palin has joined the ticket. We're all tired, as we put everything else on hold while we do our part to save our country, but we only have a few weeks left to make it happen. It doesn't matter right now that the termites that are eating my kitchen island are doing it at the rate of an inch per week, we'll take care of stuff like that after *the election*.

Another reporting period is ending September 30, please send me your club reports by October 15, and include any hours that were left out of previous reports. Right now, we are far away from being that "Million Hours State" for next year's convention, so it's time to get serious. We can do it.

Thank you for all your work, your dedication, your loyalty. And thank you, Lieutenant Governor Dewhurst for sponsoring the General Election Competition!
