

Governor Sarah & Todd Palin and Children,

One of the projects of Caring for America, a committee of Brown County Republican Women's Club, is to give Shields of Strength to our active duty Military, their families and veterans. These are given to our Military and families to give them strength during difficult times. Enclosed you will find Shields of Strength for both of you and your children.

We will continue to pray for Track and those serving with him during their deployment to Iraq.

Thank you for serving as the Vice-Presidential candidate for the Republican Party.

May God continue to bless America and our Military!
