jokonenbylaw@sbcglobal.net

To complete the **Archives** of the local clubs' bylaws, I need for your club to send me an electronic copy of your approved bylaws, with the last date that your club membership approved them and the date that the TFRW (my committee) approved them. They will be put on a disk and kept at Headquarters. In the future, if your club has any questions about when their bylaws were last updated, they can get that information from the TFRW Headquarters or from the TFRW VP Bylaws. I know that several clubs contacted me during this past year wanting that information. I did not have it. I hope that these archives will be complete by the time I leave office in November. So please have your Bylaws Chairman or your Parliamentarian get those to me as soon as you can.

Those clubs who submitted their corrections but have not received **Letters of Approval** for their bylaws should be getting them soon. My committee has been slow this spring because of other work. We had thought that we would be finished with the Bylaws Review Project by March. Alas, not so.

There are still a few clubs who have not replied to my letters with corrections. Your District Directors and Deputy Presidents have a list of those clubs in case you have questions. Please get those corrections to me as soon as possible. You do need to have your Letter of Approval before the TFRW Convention.

Reminder: If you amend your bylaws in the future, you must send those changes to the TFRW VP Bylaws for approval **BEFORE** the changes go into effect, per TFRW Bylaws, Article IV, Membership; Section 9, Removal of Local Clubs; A. Causes for Removal; 2: "Failure to submit bylaws amendment to the Vice President Bylaws for approval before the amendments become effective."

* See you in Orlando!*
