

“LET’S MAKE PROGRAMS A CHALLENGE”

We have reached the second half of our 2009 TFRW year. Where has the time gone? I hope your programs for the first half of the year were awesome and challenge you to end 2009 with a flourish.

As we are about to enter the 2010 Primary season, each club Program Chairman should review your club’s and the TFRW’s by-laws to insure that you are in compliance with protocol for your upcoming speakers.

September is Literacy month and you are encouraged to build your program with this in mind. Along with having a good speaker, your program should emphasis Republican literacy efforts and positions. There are several good books highlighting literacy programs.

Another program suggestion is the “Texas Public Policy” Speaker’s Bureau, dguenther@texaspolicy.com, 512-472-2700. For example, the Texas Public Policy Speaker’s Bureau has programs and speakers covering the Health Care issue. They would like to inform our membership on this important issue. They also have speakers on about any topic on which you may be looking for information.

Since we will have more than one Republican candidate running for many offices, it’s important to provide a platform for all. If you have more than one TFRW club in your area, plan to have a joint meeting with another club. This frees up candidate’s time and reaches more people.

Appreciate all of your input on programs.

Judy Smith
