

*My dear TFRW Republican Women Friends,*

*I want to thank you for your prayers, cards, calls and support you have given me, my husband Mundy, and our family through all of the times of Mundy's struggles. How much you have been a part of our survival through these times.*

*Mundy's celebration service was beautiful, but it was made even more beautiful with the presence of all of you, my TFRW sisters. How you lifted my heart. I never dreamt that there would be so much support.*

*We have all been a part of winning challenges with working together. I pray that I will be able to continue that work and with your help we will be mentors for others.*

*I love you, Mundy loved you - God bless you and continue being there for others.*

*Always,*

*Pat Peale, District 30 SD Director*
