

Convention Community Service Project

During the 2009 TFRW Convention in Galveston, Texas, the Texas Federation of Republican Women collected money from the Attendees - Delegates, Alternates, and Guests - to help The Galveston Independent School District restore the school libraries that were damaged or destroyed by Hurricane IKE in September 2008.

The final total was \$4,751.50 ! ! !

The librarians are working on the priority list at this writing and when the books are purchased, the Galveston Republican Women will help place the TFRW bookplates in each book.

Thanks for your generosity. The corrected and re-corrected "big" check was presented to Carol Greaney-Wurst* of the GISD Board of Trustees by Sally Prill, President of Galveston Republican Women, at the Board's meeting on Wednesday, November 18, 2009 to resounding applause from the Board and the audience of teachers, students and parents.

(Carol is also a member of the Galveston Republican Women and was a Delegate to the Convention.)
