

*Share the TFRW Vision!*

## *Happy New Year from Rebecca!*

Was it only one year ago that our Country's basic principles were turned upside down and cast aside by our President and Federal Government? A LOT has happened in that year. We have had some time to absorb the fact that, yes indeed, "they" are fundamentally changing America. Now, we have to decide what we are going to do about it.

Fortunately, a lot of Americans have realized what we have known all along: The United States of America is a precious gift and freedom is not free. We must work to save that freedom. Because we, as members of the Texas Federation of Republican Women, have a clearer understanding of our political process than most citizens, we have a responsibility to help others around us understand the basic fundamentals of our Republican Party:

*Individualism, Personal Responsibility, Strong Families, Smaller Government, and  
FREEDOM.*

The strong grassroots of the Texas Federation of Republican Women creates a network ready to spread the news about these fundamentals. Please join us while we Educate, Communicate and Grow TFRW. There will be many opportunities to participate. Choose the ones that best suit you, encourage your members to choose the opportunities that suit them-----Everyone can do SOMETHING and everything you do is important. You are not working alone, *Share the TFRW Vision* as we work together!

Read the information in this Newsletter and share it with your clubs, visit the TFRW Board of Directors Meeting January 29 and participate in the "Train the Trainer" workshop as well as the Very Special Evening with Dana Perino, AND come to the Leadership Day on January 30. Join the monthly TFRW Conference Calls (the next calls will be January 4 at 7:00 P.M. and January 5,6,7 at 8:30 A.M.), AND GET YOURSELF READY TO GO TO WORK!

Rebecca Bradford

President, Texas Federation of Republican Women
