

WELCOME to the TFRW President's Newsletter

Wow! Massachusetts elects a Republican Senator, FREEDOM gets a boost with the Supreme Court's anti-McCain-Feingold ruling, AIR-AMERICA is gone (actually, I thought that happened a long time ago and the Left just didn't realize it) all in one week ! I am sure you are like me and cannot wait to see what the rest of 2010 brings! I believe it will be a GREAT year for Americans; however, we absolutely must remain vigilant and alert.

Progressives have pretended to be what they are not, have distorted history, have made us participate in changing America without our knowing that's what we were doing, and have gained power that we were slow to recognize for many, many years. They are not done with their work, but, thank goodness we can now recognize the signs better than some times in the past. Saul Alinsky's 10th Rule for Radicals [RULES FOR RADICALS, SAUL D. ALINSKY, 1971, p. 127] says, "*The major premise for tactics is the development of operations that will maintain a constant pressure upon the opposition.*" Could it be that now is the time for the tables to be turned and Republicans should put the constant pressure upon the Progressive opposition? I think it is. TFRW is working to bring you the tools you will need to do the opposing and strengthen the Proud Republican Party.

The **Republican National Committee** just got a STRONG, RIGHT-SPOKEN, GREAT AMERICAN AND HARD WORKING NEW MEMBER----TFRW'S VERY OWN **BORAH VAN DORMOLEN**, President TFRW 2006-2007, is now the **Texas Committeewoman on the RNC**. We are so proud we may pop our (campaign) buttons. Please enjoy the enclosed article and be sure to tell Borah Congratulations when you see her. She is traveling ALL over the state in her new role so I feel you will see her soon. THIS IS GOOD FOR BORAH, GOOD FOR TFRW, GOOD FOR TEXAS AND GOOD FOR THE RNC! We are PROUD of you, Borah.
