

Share the TFRW Vision!

DID YOU KNOW....?

**The President's Newsletter is adding a couple of articles that will be ongoing:*

One will be a monthly article about Conflict Management, from our Leadership Chairman, Rachel Woods. Rachel will give us tools to deal with those little (or BIG) personality conflicts that most of us have in our clubs.

The second, if we can get your help and participation, will be a series about "Heroines in TFRW". We have members of TFRW that have done AMAZING things in their lives. I believe it will be inspirational to us all to hear about those and find out who these Heroines are. I have asked my friend and fellow member, Marie Speer, to write about her role in creating the Gold Star Wives during World War II. Do you know someone with a story? Do YOU have a story? Ask them to share and let me know about it!

**TFRW's new term is only one month along and we have already participated in and/or created five learning opportunities for candidates and clubs!*
