## CARING FOR AMERICA PAT DEIS CHAIRMAN

Let's start Caring for America by including a thank you note in each helmet liner sent to the troops. You may order thank you notes wholesale from [www.dollaritem.com](http://www.dollaritem.com), the largest supplier to dollar stores in the country with great prices.

Let's start Caring for America by holding quarterly food drives as donations to food pantries have been severely impacted by the recession. Start by providing a box to collect non-perishable food items such as macaroni & cheese, tuna, peanut butter, canned beans and canned meats. The Caring for America chair should prominently display the box to receive collections at every meeting, with donations delivered to the local food bank of the club's choice quarterly by the chair or a member of her committee. Cash donations are also needed. You may find a listing of food banks in your area, along with information about each by referencing the Texas Food Bank Network website. These projects are practical for each club and the expense is minimal.

For more information or assistance contact Pat Deis, TFRW's new Caring For America Chair at [patandbeny@aol.com](mailto:patandbeny@aol.com) or by calling 903-473-1069. I look forward to working with all of you.

Pat Deis  
Caring for America Chair
