“10 IN 2010”

I want to thank all the clubs and members who are really working hard to elect more Republicans to the Texas House. We have added 4 more Candidates to the list. We will soon have to change our project to 17 in 2010. Won't it be fantastic if we have a **Texas House with 93 Republicans?** Following the list of candidate list below, I have added the addresses and websites of two organizations which are raising money for Texas House Candidates and working with TFRW to get these candidates elected.

I have invited all of these candidates to join us for the "**Celebrating Republican Women**" event on June 10. Please sign up for the event and let Carolyn Hodges know if you want to sponsor a candidate. Again thank you for your hard work!

Goal: Keep all current Republican held seats in the Texas House of Legislature and elect 10 more Republicans.

TFRW urges members and other Republicans to actively support the following incumbent candidates as we believe they face tough challenges or their districts have been targeted by the Democratic Party.
