

Tribute to Women

Peggy L. McMullen

Biography

I work to promote Republican ideals and philosophy through support of the local Republican women's club; support and fundraise for local Republican candidates; work phone banks; and often serve as an election official. I actively encourage women to join their local Republican club in whatever community they live. I participated in a TFRW trip to Washington, D.C., showing our Texas spirit on Capitol Hill. I held the office of Treasurer and PAC chairman for two terms in the Galveston Republican Women's Club and the office of 2nd Vice President for Campaign and Legislative Activities for two terms. Currently, I am newsletter editor and publish the monthly newsletter for the club. I compile and edit the club's annual *Membership Directory and Handbook* and continue to advise the Board in matters of records management and preservation of club records.

I am married to RADM Wm. T. McMullen. We have a daughter, son-in-law and two charming grandchildren. I have music degrees in performance from St. Olaf College and University of Houston and have performed and taught piano throughout the United States and Germany. My second career has been in the field of library science with degrees and special certifications in university libraries, archives/preservation and records management from Long Island University, Columbia University, and Rutgers University. While in New York, I was University Archivist and Records Manager for St. John's University.
