

# We Need You!

As you all know by now the TFRW goal for membership this year is 12,500. To reach this target **we need every club to increase their membership by 16%** from what you had at the end of last year. We are on our way and we have 32 clubs that have reached this goal. Please congratulate the ladies in these clubs. That tells us all what great clubs they are to join.

Now, I challenge the rest of you to join these clubs on our Platinum Honor Roll. We need you to reach out in your places where you work, shop, exercise and party. Remind your friends that our foremothers not only marched but suffered great hardship for our right to vote. Let's exercise the rights for which those ladies fought not only to vote, but to get our communities involved. Our clubs need you because our country needs you.

You are welcome to check membership numbers for accuracy by contacting your District Director and asking her to refer to the July 8<sup>th</sup> report she received from me. (The calculations above had to be completed based on June 24<sup>th</sup> numbers due to the newsletter deadline!) You can also always check with me if you have any problems or questions.

**How can we help?** Membership is something we all work together on. Even though we recognize those clubs that are doing an outstanding job, this is a friendly competition. Work together with other clubs in your area. Maybe another club is a better fit for a prospective member. Talk to each other and find out about interesting programs or successful recruiting efforts another group has had. If you are having trouble keeping members, survey the group and find out what they like and what they don't like. Most importantly, do not let little squabbles interfere with our most important business at hand. Now is the time to work together to elect Republicans. If you have any problems or questions please contact me and I will do all I can to assist.

**IDEA**  – Jeannette Sterner, our Campaign Activities officer, is working with the RPT to improve our Voter Vault. This is a great way to help our candidates and also a great way to find new members. Choose a neighborhood in your area and work to get information to include in the database. As you do this, have cards with information about your club. When you meet interested Republicans, be sure to let them know about your meetings and ask if they would like to be contacted when you have your next gathering. They will have seen your friendly face and recognized that you are out making a difference.
