

## CAMPAIGN MANAGEMENT SCHOOLS FOR 2011

Jeanette L. Sterner

### TFRW Vice President of Campaign Activities

The TFRW Campaign Activities Committee has been working on planning Campaign Management Schools (CMS). Because of the size of Texas and time constraints, most schools will be a combined county effort. Below is a list of the requests to have a school I have received so far. The fees will be \$60. TFRW will retain \$30 for the CMS Handbook and the local club retains \$30 for their expenses, such as rental fees, cost for lunch, admin supplies, etc. Generally, the event will be from 8:30 until 3:30. Individual announcements will be provided for each event. These announcements will give specific information pertinent for that location, such as hotel information for those needing accommodations.

I am asking the leadership of the various Republican Women's clubs and Senate Districts to include County Chairs, precinct chairs and TFRW membership to become actively involved in the process. If you plan on attending the CMS closest to your area, please contact the "Contact Person" and me. It is important that we know how many attendees will be coming because of space constraints, CMS Handbooks and lunch requirements. Below are the dates for the Campaign Management Schools:
